Good Morning Raul,

Can you please put together a briefing sheet on the issues related to Spanish Lake per Bill's email below? I would like to get somewhat familiar with the issues. If I can have something by this afternoon that would be great. If that timeline doesn't work please let me know what would work.

Also, I would anticipate that we would talk with Jane sometime in the early part of next week before talking to Bill.

Thank you,

Maria

Subject: Spanish Lake

Raul,

Tim Hardy called regarding Spanish Lake today. Latest issue is a revised valuation of the mitigation bank using the MCM that the Corps apparently did at some point that greatly reduced the value of the bank as compared with the earlier (2008) valuation which used the WVA method. Tim also said he found some guidance that the Corps was supposed to do such valuations in concert with EPA (?)

Can you do some checking on these points and then we (you, Jane, Maria, and I) can catch up sometime next week by phone?

Thanks.

Bill
